A moratorium may be declared by the governor during a designated state of emergency. As a result, when the moratorium is lifted, there are a large number of low income households that are faced with high energy bills and/or shut off notices. Qualifying households are able to receive LIHEAP Crisis Assistance.</p>

Section 9: Energy Suppliers, 2605(b)(7) - Assurance 7

9.1 Do you make payments directly to home energy suppliers?

Heating ☐ Yes ☒ No

Cooling ☐ Yes ☒ No

Crisis ☐ Yes ☒ No

Are there exceptions? ☒ Yes ☐ No

If yes, Describe.

Community Action Agencies make payment to home energy suppliers, except for Central Delta Community Action Agency (CDCAA). Arkansas Energy Office makes payments to suppliers on behalf of CDCAA.

9.2 How do you notify the client of the amount of assistance paid?

The Community Action Agency sends a Notice of Action (AEO 2001) which details the status of their application. This information includes the LIHEAP payment amount, name of energy supplier and date the payment of pledge.

9.3 How do you assure that the home energy supplier will charge the eligible household, in the normal billing process, the difference between the actual cost of the home energy and the amount of the payment?

Supplier Agreements are signed between each energy supplier and the Community Action Agency prior to making a direct payment. The contract outlines LIHEAP policies and regulations that govern the energy supplier when accepting LIHEAP payments; LIHEAP client rights are outlined in the agreement as well. The LIHEAP Arkansas Home Energy Supplier Agreement, Item C., between the energy supplier, State of Arkansas, and the Community Action Agency, states that the recipients will be charged by using the "Normal Billing Process". This is the difference between the actual cost of the home energy and the amount of the LIHEAP payment. The billing energy supplier is subject to monitoring by the Arkansas Energy Office in order to assure compliance. Any client complaint of not seeing the LIHEAP payment as a credit on his/her account is investigated.

Energy Suppliers are subject to periodic monitoring to ensure compliance.

9.4 How do you assure that no household receiving assistance under this title will be treated adversely because of their receipt of LIHEAP assistance?

The Arkansas Energy Office and Community Action Agencies follow up on any client complaints.

9.5. Do you make payments contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households?

☐ Yes ☒ No

If so, describe the measures unregulated vendors may take.

Payments are made only to vendors who have signed a Supplier Agreement with the Community Action Agency. Payments are made to the applicants if the household energy supplier has been disqualified or has chosen not to participate in LIHEAP.

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.

The Arkansas Energy Office (AEO) is required to follow the Arkansas Department of Finance and Administration fiscal policies and procedures which are in compliance with federal fiscal regulations. AEO also adheres to LIHEAP federal regulations. Community Action Agency requests for funds and reimbursements are reviewed as to grant balances and supporting documentation, and compared to approved budgets and submitted weekly cumulative reports that show applications received, approved, and expenditures made to utilities.

10.6 Explain, or attach a copy of your local agency monitoring schedule and protocol.
<p>At the beginning of the year, on-site monitoring will continue to be suspended due to the pandemic and many staff working remotely. Arkansas Energy Office (AEO) is working to establish a secure system where Community Action Agencies can upload client files to enable desk reviews by AEO LIHEAP staff. Program evaluations, including results of client file sampling and review, will be conducted by Zoom. Currently, we do not have a monitoring schedule for this program year. Policies and procedures for monitoring are attached.</p>
10.7. Describe how you select local agencies for monitoring reviews.
<p>Site Visits:</p> <p>All agencies are monitored annually for each LIHEAP program implemented, a Winter Heating program and a Summer Cooling program. The monitoring reviews are extensive and typically last from 3 days to 1 week, depending on the size of the CAA's service area.</p>
<p>Desk Reviews:</p> <p>Desk reviews of client files will now replace on-site review of client files. These reviews will cover application, documentation, determination of eligibility and amount of benefit, notification to client and payment to energy supplier as well as overall adherence to LIHEAP policies and procedures.</p>
10.8. How often is each local agency monitored ?
<p>Policy establishes monitoring of both Winter and Summer LIHEAP programs after the programs close. More than one program may be monitored during an on-site visit. AEO intends to reach each Community Action Program at least annually.</p>

LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN SF - 424 - MANDATORY

Section 13: Reduction of home energy needs, 2605(b)(16) - Assurance 16

13.1 Describe how you use LIHEAP funds to provide services that encourage and enable households to reduce their home energy needs and thereby the need for energy assistance?

Assurance 16 services provided to LIHEAP households encourage and enable households to reduce their home energy usage and thereby reduce their dependence on energy assistance and help them achieve a higher degree of self-sufficiency. Assurance 16 activities may include, but are not limited to, needs assessments; counseling referrals to other coordinated services; presenting educational programs on ways to save energy in the households; meter reading; and household budgeting.

Case Management Activities (CMA) will be targeted toward Crisis Intervention Program applicants and also, when deemed appropriate and necessary, the Regular Assistance Program.

13.2 How do you ensure that you don't use more than 5% of your LIHEAP funds for these activities?

5% of LIHEAP program funds are allocated to community action agencies for Assurance 16 programs. Since Assurance 16 is an optional program in Arkansas, any CAA electing not to operate an Assurance 16 program will use these funds for Regular or Crisis benefits. The reimbursement process does not allow expenditures of more than the allocated amount by any CAA.

13.3 Describe the impact of such activities on the number of households served in the previous Federal fiscal year.

The Assurance 16 programs are educationally based with an emphasis on household budgeting skills and energy conservation to promote self-sufficiency and to lessen the household energy burden. Most Assurance 16 participants have reported a decrease in energy usage and an increase in the ability to manage household needs, thus promoting a healthier environment. A total of **597** households were served during FY 2020 .

13.4 Describe the level of direct benefits provided to those households in the previous Federal fiscal year.

A total of \$1,130,205 was allocated to the fifteen (15) Community Action Agencies (CAAs) for Assurance 16. Of this amount, \$714,290 was spent by eight (8) CAAs to operate Assurance 16 programs. Direct benefits to households of **\$405,357** included payments to utility providers, educational materials, and repair of faulty equipment or gas lines.

13.5 How many households applied for these services? 250

13.6 How many households received these services? 597

16.1 Describe your progress toward meeting the data collection and reporting requirements of the four required LIHEAP performance measures. Include timeframes and plans for meeting these requirements and what you believe will be accomplished in the coming federal fiscal year.

The Arkansas Energy Office (AEO) has established policy expectations for CAAs to ensure they are collecting accurate and complete data for LIHEAP performance measures. Weekly and monthly reports submitted during the program year keep a focus on data collection.

AEO contracts with Communities Unlimited to collect annual data and to compile and report LIHEAP performance measures as required. After closeout of the winter program, data from this program will be collected and examined for any problems. Likewise, with the summer program, after which data is combined for the year and submitted to energy suppliers to collect data for performance measures.

AEO revised the supplier agreement in FY 2020 to specify more clearly what information is needed from utilities.

Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central point is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

3. For grantees other than individuals, Alternate I applies.
4. For grantees who are individuals, Alternate II applies.
5. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
6. Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).
7. If the workplace identified to the agency changes during the performance of

the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).

Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

Employee means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll.
